Education

Yeshwantrao Chavan College of Engineering, YCCE — Nagpur, India
B.Tech in Computer Science and Design (CSD), CGPA: 9.12 — *2024 - 2027*

Indian Institute of Information Technology, IIITN — Nagpur, India
Student Exchange Program (6th Semester) — *Jan 2026 - May 2026*

Priyadarshini Polytechnic, PPN — Nagpur, India
Diploma in Information Technology, Aggregate: 87.50% — *2021 - 2024*

Experience

Developer Trainee (Android Developer) — June 2025 – July 2025
Elite Back Office Solutions Pvt. Ltd. — *Nagpur, India*

- Recreated UI/UX to closely match the original Phantom Wallet application

Web Based Application development using java Training based internship — June 2023 – July 2023
IT-NetworkZ Infosystems Pvt. Ltd. (Kavin's Group) — *Nagpur, India*

- Developed a web-based application using Java, JDBC/ODBC, SQL and Apache Tomcat, implementing database connectivity, backend logic, HTML and getter/setter methods for data handling.

Projects

JEEVANDAYINI - Android, Firebase, ZXing — Dec 2024 – Apr 2026

- Developed a healthcare app with NFC Health Cards and appointment slot management, integrating Firebase for authentication and real-time data storage.

QUICK-MARK - NFC, ZXing, Android, Firebase — Mar 2025 – Present

- Developed a QR-based attendance system using ZXing for QR verification and Firebase for real-time attendance tracking, reducing manual effort.

PIEZOELECTRIC BASED ELECTRICITY GENERATION SYSTEM — Sep 2025 – Present

- Developed and tested a piezoelectric energy harvesting system that converts mechanical vibrations into electrical energy for powering low-power electronic devices.

WASTE SEGREGATION CLASSIFICATION - Python, TensorFlow, MobileNetV2 — Mar 2026 – Present

- Developed a waste segregation system using MobileNetV2 and transfer learning, achieving 99.27% accuracy across Metal/E-Waste, Organic, Inorganic and Paper waste classes.

Technical Skills

Languages: Java, C, C++, SQL, Android Java, Android XML.
CS Core: OOPS, CN, OS, DBMS, ML, NNDL, Design Patterns.
Technologies/Frameworks: Android Development, Firebase, cPanel, PhpMyAdmin.
Software & Tools: Git, GitHub, ESP32, Android Studio, Arduino IDE & IoT.

Certifications & Achievements

- 2nd Position in PPT Presentation organized by Youth Indian at Chitnavis Centre, Regional Level (Aug 2026).
- 2nd Position at BIT Chandrapur Hackathon organized by Tadoba and Government of Maharashtra (Oct 2025).
